**Pearl Circulation Plan**

- Levy discussed that a meeting was held in which the group studied the Pettygrove green street design concepts. The street links the Fields Park with Chapman Elementary and Wallace Park in NW. The meeting was attended by property owners, NWDA, PBOT, and Committee members.
- PBOT presented different right of way configurations, but no decisions were made.

**Other**

- Andree Davis, a resident of the Pearl, read a statement describing a list of issues with the selection of the Loo site, referencing past Planning and Board minutes.
- Girsberger commented that her particular reference to location "A" in the Sept 1, 09' minutes was not correct. The Committee had only considered the current sidewalk area, and not the street location where the Board selected. Davis disagreed.
